We always wondered why Boota
released Spiral energy when he
was between Viridi's legs.

-Kiku Yandu

Boota is so cute.

I've watched it so many
times while pretending to do
research.

Wherever I stop, there's
work but nothing.

I bursted through my
deadline with the power
of my drill.

That's a lie, I'm sorry.

Some rambling from the AnCo² team

MOMING! - There was so much shouting in this chapter, it was really enjoyable. Choosing all the fonts I wonder if I went overboard? What's so great about fonts? ENJOY THIS AWESOME ANNOTE RELEASE EVERYONE! P.S. LOL @ the Swimsuit calendar!

Monnyor = Just a little overboard Monny, I read that :3
Anyhow, we're sorry for not releasing more.
Pretty much ALL my editors are busy with life,
especially me. Gao leave a comment to motivate us :3
And the 9th issue is on it's way As in Chapter 7 of 9.

And as always, great thanks to
Flydancer for being awesome. D

DAWN CREDITS.
